ABOUT CARAVAN + CO

CARAVAN + CO is an Australian fashion brand made for women by women. Designed with today's lifestyle in mind the brand embraces a timeless aesthetic with an elevated bohemian sensibility. The CARAVAN + CO woman is a seasoned traveller. A lover of classics who embraces measured luxury and a impression of artistry.

Founded in Melbourne by Nardia Robertson. Caravan and Co has been established to nurture the spirit of collaboration, locally and with our closest global neighbours. Each collection is realised through a unique partnership with an artist, each of who impress their skills and craft upon the brand to create unique and wholly beautiful item you will treasure for years to come.

HOLLSTAR

We at Caravan + Co have decided to give the accessories collection there own identity and thus the name HOLLSTAR was born. Inspired by the cowboy from days gone by, strong, rustic, enduring and just a little bit sexy.

The HOLLSTAR range of belts and accessories explores the use of high-quality leather's combined with rustic textural features and metal details to create unique and exclusive accessories. The Hollstar symbol represents the compass - north, south, east and west. A global symbol of the traveller, a transient lifestyle drawing on global influence, the beauty of humanity and nature and the surprising juxtapositions to be found between the two.

We at Caravan + Co hope you will love our new range and much as well do.
